- **Capture and Save Water**
- **Conserve Soil**

# Environmental Resilience

A scenic view of a coastline. In the foreground, there is a lush green hillside with various plants. A dark, pebbly beach curves along the edge of a vibrant blue ocean. The sky is bright blue with scattered white clouds. In the distance, there are more hills and mountains under the same sky.

## Forests Along the Coast —

- Protect from Salt Spray
- Prevent Soil Erosion
- Fix the Sand

An aerial photograph of a coastal region. In the foreground, a sandy beach meets the ocean with white-capped waves. To the right, a wide river flows through a green, vegetated area. In the background, a town is visible, followed by a range of blue mountains under a clear sky. A semi-transparent grey box is overlaid on the top half of the image, containing text.
